TEMPLE RADIO MAKES FRIENDS WORLD-WIDE

Rev. Jim Jones, on site at the Peoples Temple Agricultural Project in Guyana, South America, has initiated a remarkable new project using the Temple's ham radio. In just the last few weeks, Rev. Jones and a crew of experienced radio operators have made over 2,000 contacts of friendship and goodwill to ham radio operators all across the United States and other countries as well.

The Agricultural Project was begun four years ago, for the joint purpose of providing a wholesome alternative lifestyle for troubled youth, and to produce food and agricultural technology to aid in the world food crisis. The radio is being used extensively as another facet of these humanitarian efforts. Many times, the Temple has been able to relay requests for medical assistance and other needed help. One situation involved a child in a neighboring country who was critically ill and needed a medication which could not be obtained there. Rev. Jones had hundreds of contacts made over the radio, over an area ranging thousands of miles, until the rare medication could be located.

Another remarkable set of contacts involved the delivery of a baby in Jonestown (Mission Village) by our doctor there. The baby was a breach birth, and the mother was hemorrhaging. Eleven doctors were called in for consultation over the radio. The medical complications were handled in an expert manner, and both mother and child are doing well.

Another unusual contact for medical assistance is explained in the article below, printed in the *San Francisco Chronicle* Saturday, February 18, 1978.

MOST IMPORTANT, RADIO CONTACT IS BEING USED TO STRENGTHEN TIES OF FRIENDSHIP, PEACE AND MUTUAL UNDERSTANDING BETWEEN THE UNITED STATES AND HER CARIBBEAN NEIGHBORS. We have been gratified to find a widespread understanding of the need for non-intervention, mutual co-existence, and economic aid to non-aligned developing nations, such as Guyana.

To the left is only a partial listing (nearly 400) of the over 2,000 contacts made from the Peoples Temple radio in Guyana. Further listings are being compiled.

Long-Distance Caesarean

Washington

Dr. Albert Greenfield helped deliver twins by Caesarean section this week, although the patient was more than 2000 miles away in a village in the jungles of Guyana.

Greenfield, an obstetrician, was at home in suburban Bethesda, Md., on Monday night when a neighbor, who is a ham radio operator, said a doctor at the Mission Village clinic in Guyana needed help because a storm prevented the woman from being flown to a hospital. The two doctors began the long-distance consultation. Greenfield said the next day he was told the mother and babies were doing well.
